EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy O'Sullivan on 11/22/2004

The application has been amended as follows: claims 1, 16, 20 and 35 have been amended.

Please enter the attached amendment.

2. The following is an examiner's statement of reasons for allowance. The present invention is directed to a method for utilizing a hierarchy of instances of smart card definitions associated with a smart card product to manage the smart card product in different phases such as smart card production, smart card issuance, and post-issuance support services. More specifically, independent claims 1 and 16 are directed to a method and system for managing smart card products comprising utilizing smart card definitions, the smart card definitions comprises at least one chip definition, at least one process definition, at least one task definition, at least one enterprise definition and at least one application definition. The closest prior art, Tushie et al. (6,202,155) discloses a smart card personalization system with an object-oriented programming approach using a chip definition and at least one task definition. The prior art, taken either singly

or in combination, fails to anticipate or fairly suggest the limitations of applicant's independent claim, in such a manner that a rejection under 35 U.S.C 102 or 103 would be proper. The claimed invention is therefore considered to be in condition for allowance as being novel and nonobvious over prior art

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
